

LAKE MICHIGAN

route 1 **HOW DO I GET TO WHERE I WANT TO GO?**

route 2 **What BUS takes me to where I want to go?**
 Locate where you are and where you want to go. BUS routes are numbered and color coded and bus stops have signs. (Remember buses only stop at designated stops marked by these signs.) Each route is listed in this "Ride Guide" so you can see route and probable times to your destination.

route 3 **The arrows** on the map indicate the direction the BUS is traveling on each route. Most routes run in two directions. Most buses stop at the Transit Center, which is located at State Street and Memorial Drive, near downtown.

route 4 **If you need help,** call us at 637-9000 and a Transit employee will help you plan your trip, including assisting you where and when to transfer.

route 5 **Where can I catch the BUS?**
 With almost 900 stops to use, just look for the BUS stop sign. Or board the bus at the Transit Center at State and Memorial.

route 7 **What does a BUS stop sign look like?**
 A Bus stop sign has the Belle Urban System logo and numbering decal(s) for the routes that stop at it. Examples of the decals are to the left.
